Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

Election by Original Presentation

1. Amended claims 1-10 and 12, as well as newly submitted claims 13-14 are directed to an invention that is independent or distinct from the invention originally claimed for at least the following reasons: the obtaining, querying, iterating, providing and selecting steps disclosed by independent claims 1 and 13 (and their corresponding dependent claims) are patentably distinct from the querying, enabling and creating steps disclosed by the originally filed set of claims.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claim 1-10 and 13-14 are withdrawn from consideration as being directed to a non-elected invention. Thus, since no claims directed to the previously elected invention are pending, the previous invention is in effect canceled. An amendment only presenting claims drawn to a non-elected invention is non-responsive. See 37 CFR 1.142(b) and MPEP § 821.03.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
